 The bowl and beater are easily fitted and removed from the mixer.  
 Dual speed: 140/62 rev/min, 285/125 rev/min

**SPECIFICATIONS:**

Product Code : BCE-308  
 Power supply : 220 V, 50 Hz.  
 Dimension : 650 x 600 x 380 mm  
 Weight App. : 85 kg

**PRISM AND CUBE SAMPLE MOULDS**

**ASTM C190 - ASTM C307 - AASHTO T132, EN 196-1 - EN ISO 679, BS 4550**

Manufactured from steel and completely galvanized. For Compression strength tests of Portland cement, mortars.

**SPECIFICATIONS:**

Product Code : BCE-311/1 40x40x40mm, Cube Mould  
 BCE-311/2 50x50x50mm, Cube Mould  
 BCE-311/3 70.7x70.7x70.7mm, Cube Mould  
 BCE-311/5 40x40x160mm  
 (Available in 3 Gang and 1 Gang model) Prism Mould

**CLIMATE CHAMBER**

Completely Stainless Steel Manufactured  
 Heating, Cooling and Moistening Systems  
 Temperature range between -25°C and +50°C  
 Air circulation  
 Available in 250 and 500 Liters  
 Digitally controlled  
 220V, 50Hz.  
 120 lt

**SPECIFICATIONS:**

Product Code : BCE-316  
 Power supply : 220V 50 Hz.
